

Collection Management Tools Roundtable, SAA 2016

ArchivesSpace PUI Update

Staying Informed

Wiki

<https://archivesspace.atlassian.net/wiki/display/ADC/Public+Interface+Enhancement+Project>

- Design Phase
- Development Phase
- Release Phase

Design Phase

- Ran from July-December 2015
- Cherry Hill Company
- Group of archivists from academic, historical and corporate archives
- Virtual meetings every two weeks

User Personas

- Persona: Academic researcher -- graduate student
- Persona: Academic researcher -- professor
- Persona: Academic researcher -- undergraduate student
- Persona: Archivist
- Persona: Doing their job researcher
- Persona: Hobbyist or personal interest
- Persona: Librarian or Curator
- Persona: search engine bot

Usability Testing

- Did testing on the current ArchivesSpace Public Interface
- Tested on various personas-Student, archivist, researcher, etc
- Testers
 - Rice
 - Yale
 - Harvard

Outcomes

- Developed a set of wireframes (approx. 20) for various displays
- Final report of design recommendations
 - Browse and Find (search functionality, browsing)
 - Collection and Record Display (language, context, inheritance, layout)
 - Utilities (bookmarks, citation, request access, and print)
 - Customizability

Keys to the Development Phase

- Solid foundation / standards-compliant architecture
- Usability / field testing
- Accessibility certification
- Sensible defaults employed throughout
- Easily customizable when/where required
- Seamless upgrade from versions 1.5 and up

Key Dates

- 12/16/2016 candidate release
- 12/19/2016 - 2/28/2017 official testing period
- 3/31/2017 official release
