**Staff Report: Membership  
(Prepared by Carlos Salgado)**

As of March 31, SAA membership totaled 5,453, a decrease of 162 (2.89%) from the same time last year. A 179 (3.52%) decrease in individual memberships, with 79 (7.35%) of those from the student member tier. An increase in institutional memberships by 17 (3.52%), of which 19 are in the sustaining category.

Staff continues outreach to those institutions that expired between January 2015-to-present, informing them of the benefits of Sustaining Institutional membership. The Regular category totaled 435, a decrease of 2 (0.46%) from the same time last year. The Sustaining category totaled 112, an increase of 19 (20.43%) from the same time last year; our all-time high was 113 in February 2023. We are almost back to pre-pandemic levels—February 2020 closed with 560 total institutional members—proving that continued outreach has the desired result.
