President's Report to Council- May 2026

Since the February Council meeting, I have continued to meet regularly with SAA CEO, Vice-President Brenda Gunn and other SAA staff. We have also held monthly Executive Committee meetings.

The strategic planning work continues, and I gave a welcome for the member town hall held in April.

In early April, I hosted a Fellows town hall with SAA Foundation President Lisa Magnifico. This town hall was focused on the Foundation and updating the Fellows and what is going on and how they can support the work the Foundation is doing.

During this time, I also planned and invited panelists for Plenary 2 for the annual meeting. I am happy to honor the legacy and work of the Archivists and Archives of Color section with a program that highlights a variety of projects.
