BACKGROUND

In mid-December 2011 Council members became aware that two petitions for new roundtables would come before the Council at its January 2012 meeting. An online discussion of roundtable formation, benefits, requirements, and policies and procedures for sections and roundtables ensued.

Concerns raised in this online exchange prompted a discussion item at the January 2012 Council meeting, which included review of current policy language on Sections and Roundtables from the SAA Governance Manual, annotated with notes on changes to that language since March 2007, as well as notes on policies not yet implemented.

It was agreed that subsections IX. Sections and X. Roundtables of the Governance Manual should be reviewed and edited for terminological and structural inconsistencies. The Council assigned Bill Landis and Beth Kaplan to work with Executive Director Nancy Beaumont to highlight the problematic areas, develop new language, and present recommendations for review at the Council’s June 2012 meeting. (See 0112 To Do List item # E40.)

Kaplan and Landis independently reviewed subsections IX. and X. in conjunction with other relevant documents (such as the FAQ for Section and Roundtable Leaders on the SAA website), highlighted language inconsistencies, re-ordered the two documents to create a parallel structure, removed items that seemed out of place in a governance manual, and suggested a variety of language updates. The more substantive changes are enumerated in the Discussion section below and all notes and suggested changes are captured in Appendix A (Sections) and Appendix B (Roundtables).

DISCUSSION

Notes documenting the rationale for each of the recommended changes in Appendixes A and B are included in the fourth column on each document. This discussion serves to
highlight specific issues to which we want to draw Council members’ attention in considering the recommended action on this item.

- **Proposed X.I.D.**: Non-members of SAA do not technically belong to Roundtables; the language clarification here aims to specify how nonmembers may participate in Roundtables. Is this satisfactory to the Council? See also proposed X.IV.A.2.

- **Proposed IX.III.B. and proposed X.III.B.**: The January 1 date specified in each of these seems problematic when, as happened with our January 2012 Council meeting, the due date for Council agenda items fell in late December. Does the Council agree that it is better to specify something with more flexibility?

- **Proposed IX.III.C. and proposed X.III.C.**: This seems like a policy decision. Do we or do we not accept electronic signatures on Section and RT formation petitions?

- **Proposed X.IV.B.**: Does this capture Council's current thinking on Annual Meeting space for Roundtables?

- **Current IX.V.**: Does the Council agree with the complete elimination of this section? Is the Council comfortable with letting component groups figure out how best to sub-organize themselves to accomplish their work without trying to prohibit use of names for those sub-groups (see current IX.V.B.)?

- **Proposed X.V.D.**: If approved, we need to task the SAA staff to create a Roundtable Bylaws Template document.

- **Proposed X.VII. and proposed IX.VII.**: Does the Council agree with the designation of the Council liaison as the primary contact, and with the redress process if a Section/Roundtable has an issue with its assigned Council liaison?

- **Current IX.IX.**: Does the Council agree that details about the annual Leadership Orientation and Forum do not belong in either of these documents?

- **Proposed IX.IX.E. and proposed X.IX.D.**: Does the Council agree with designating the Council liaison rather than the Executive Director as the primary contact through which approvals for seeking external funds should be directed?

**RECOMMENDATION**

THAT the SAA Council adopt the changes to IX Sections and X Roundtables in the SAA Governance Manual as specified in the first column in Appendix A (Sections) and Appendix B (Roundtables).

Support Statement: The SAA Governance Manual is a core document that guides SAA leaders at all levels through the organization’s policies and clarifies expectations for members, staff, leaders, and the full range of component groups. The proposed edits to
subsections IX. and X. of the SAA Governance Manual are intended to reduce the potential for confusion for the many users of the manual and to foster transparency and compliance among Sections and Roundtables.

**Impact on Strategic Priorities:** None.

**Fiscal Impact:** None.

Sections can formulate specific projects, for which task forces would be created to execute the projects. Sections give an institutionalized opportunity for members to focus on a longer term basis and in a national forum on specific matters of practical interest.

**D. Integrate New Members**
Sections provide a vital mechanism for new members to become active in the work of the Society and to meet members with common interests. Sections provide new members with a chance to participate and to contribute to the work of the group and the Society.

1. Membership in Sections requires the individual to be a member of the Society.
2. Society members are limited to two Section memberships and must formally sign up with the Society’s Executive Office for Section membership.
3. The SAA Executive Office maintains lists of Section members.

**E. Develop Leadership**
The Sections, as well as their various subgroups (if any), offer opportunities to their members to take leadership in working with and for their colleagues. Through the years a considerable number of the elected and appointed positions within SAA have been filled by persons who began their leadership role within Sections.
## II. GOALS AND AREAS OF ACTIVITY

**A.** Each Section shall adopt and maintain a statement of goals and objectives indicating the general concerns and intended areas of work of the Section. Section goals should be clearly articulated with reference to implementation strategies and activities. Sections should be specific about their objectives and activities and periodically examine their mission and goal statements for currency. The statement of goals and objectives may be changed as the Section sees fit; information on any changes should be included in the annual report submitted to the Council. Sections should make explicit reference to their annual goals in their annual reports.

**B.** As governing units of the Society, Sections are expected to contribute to the professional discourse and advance the Society’s priorities as identified by the Council. Sections have an obligation to respond to requests or tasks assigned to them by the Council.

Recognizing their responsibility to professional development, and to advance the work of the profession in their field of practice, **Sections are charged to be active in four areas:**

- They identify and consider issues in which a significant number of members have an interest. Members may investigate different facets of the issues, then report and discuss their findings during Section meetings and through Section communications.

- They recommend to the Council—through reports, action items, or discussion items submitted on the Council Report Template—

We should refer to the Council Report Template and use the language it uses (i.e., report, action item, discussion item) if that’s how we want communications submitted to Council. We also should make sure we use that terminology consistently.

It seems best to work through the Council liaison and Program Committee structures for this. Also, the edits reflect that we’re not automatically sending the Program Committee to Section/RT meetings anymore.

Through memoranda or formal papers, an action or a position the Section believes appropriate for SAA. The Council remains the policy-setting body for SAA, and only it can promulgate a formal position for SAA or any of its constituent bodies.

### IV. III. RECOGNITION AND STANDING

B. New applications for recognition as a Section will be submitted no later than **January 1** the posted deadline each year for submitting agenda items for the Winter Council meeting, for so that Council action *can occur* before the next Annual Meeting.

C. Application by petition will include signatures, *in paper or electronic form*, of at least ...
V. SUBGROUPS OF SECTIONS

A. Where possible and appropriate Sections should divide themselves into committees so that members will have the maximum opportunity to participate in meaningful work and so that each Section may work in more than one area at once. Forming into committees may be done at the discretion of the Section. Section committees have been formed to propose Annual Meeting sessions, to plan Section meetings, to study particular archival concerns, to gather data on recent literature distribution to Section members, to follow legislative and national policy issues relating to the interests of the Section, and to coordinate work with other Sections whose fields of interest overlap. These committees may be established to perform specific tasks or on a long-term basis to deal with ongoing concerns.

B. The term “task force” is recognized specifically within the SAA structure as a group constituted by the Council with a clear mission to accomplish a definite goal within a specified time. Usually task forces require a budget, which can be granted only by the Council. The Council will make every effort, when a Section suggests an activity requiring a task force, to constitute that task force from the members of that Section so that the Section thrives on the energy it generates.

VI. MEMBERSHIP, MEETINGS, AND OTHER PRIVILEGES

A. SAA members are eligible for membership in any two Sections. The SAA office maintains the official list of Section members.

B. Each Section is guaranteed space and support at the SAA Annual Meeting for a two-hour annual membership meeting. A portion of this time may be used for meetings of constituent groups, as deemed appropriate by the Section. Sections will be supplied with basic equipment to support their membership meetings.

C. Sections will receive priority support from the Society’s budget for special projects approved by the Council. Sections will also receive electronic communication support in the form of website hosting and electronic lists.

D. Sections may communicate to the Council through liaisons.

V. VIII. GOVERNANCE

A. Internal Leadership
Sections are required to have a minimum of two officer positions and two steering committee members. Sections may create additional positions or extend terms of service in order to effectively achieve continuity while ensuring recruitment and development of new leaders.

1. Every Section will have a chair, a vice-chair/chair-elect, and a minimum of two steering committee members. The officers and steering committee

| 6. **Section bylaws are subject to review and comment by the Council.** In order to ensure their alignment with SAA’s governance documents, bylaws and subsequent changes must be reviewed by the Executive Director or a designee and approved by Council after they are adopted by the Section membership. This also insures that they become part of the permanent record as a component of Council meeting minutes. | members of every Section must be chosen by election.  
2. Section officers and steering committee members must be SAA members in good standing.  
3. Sections may elect or appoint additional officers and members to the steering committee. Sections are encouraged to retain continuity and recruit leadership by designating other positions of responsibility (e.g., Web coordinators, committee chairs, etc.) to carry out the program and work of the Section.  
4. The chair and vice-chair/chair-elect serve consecutively. The vice-chair/chair-elect succeeds the chair at the conclusion of the Annual Meeting that coincides with the term of office. All officers and committee members begin their terms at the close of the SAA Annual Meeting.  
5. The term of office and the number of consecutive terms that a person may serve in one Section office or on the steering committee will be set in the Section’s bylaws.  
6. Section bylaws are subject to review and comment by the Council.  
7. Sections are encouraged to create special or standing subcommittees in order to execute the goals of the Section, develop leaders, and recruit members into the Society. | The Council habitually has reviewed and approved all changes to Section bylaws.  
Proposed change brings practice on review/approval into line with that discussed at 0112 Council meeting.  
**Support Statement:** Voting for and serving on section/roundtable steering committees are benefits of membership. Uniformity of governance procedures ensures that these benefits are delivered in a fair and consistent manner. In

Members must vote via the online ballot.

2. Formal calls for nominations shall be issued by the Section leadership and collected by June 1.

3. Basic ballot information (e.g., introductory message to voters, listing of offices, number of vacancies for each, names of candidates, and links to candidate statements) shall be submitted to the SAA staff by June 15.

4. Supplementary ballot information (e.g., candidate photos, biographies, and statements), if desired, shall be posted by the Section leaders to the Section website by July 1.

5. Online ballots containing basic ballot information shall be prepared by staff and made accessible during the first week of July and shall remain open for at least two weeks.

6. Section members who are in good standing on June 30 shall be eligible to vote. Members who join after this date shall be eligible to vote during the following year.

7. Ballot results shall be reported by staff to the Section leaders in order to be announced at the Annual Meeting.

C. Consultation
Sections are incubators for developing leaders who go on to take leadership positions within SAA at other levels of responsibility. Leadership development is a more productive process in an organizational environment that nurtures consultation and participation.

addition, clear guidelines assist leaders in focusing their energy on their group missions rather than administration tasks. Conducting online elections requires attention to certain technical details but also enables wider participation in sections and roundtables. The very low number of requests for mail ballots (i.e., 10) during SAA’s 2009 general election suggests that the barriers to online participation are far less than those related to holding in-person elections at the Annual Meeting.

Fiscal Impact: As of July 22, 2009, six sections and roundtables had requested support from SAA staff to conduct online elections. Configuration of ballots that include candidate photos, bios, and statements can be time-consuming, taking up to an hour or more per ballot. The impact on staff resources can be effectively mitigated by limiting the ballot to so-called “basic” information and utilizing links to (optional) supplementary information that is edited, formatted, and posted online by the section leaders themselves.

NOTE: A recommendation in 0809-1 to incorporate similar language for Roundtables (i.e., “Roundtables may conduct annual

Whenever possible, Section leaders should be included in appointments to committees and task forces, when such appointments are appropriate to inform the subject or achieve a diversity of opinion.

2. The president or designee will report at the annual Leadership Forum and to the SAA membership on steps taken to achieve the goal of leadership consultation.

3. Section leaders may submit their concerns and requests to the Council through designated Council liaisons, who are eligible to address Section annual membership meetings, attend the Section’s leadership meetings, and participate in all Section electronic discussion groups.

D. Professional Leadership

Section officers will be asked to acknowledge annually that they understand and will comply with the responsibilities of their position.

1. The president or designee will contact Section chairs and vice-chairs/chairs-elect annually by e-mail to request that they read those Sections of the SAA Council Handbook and Section handbooks that relate to Sections and particularly to their duties.

\[I. \text{MISSION STATEMENT}\]

\[A. \text{Serve as Advocate for Interest Around Which the Roundtable Is Formed}\]
Roundtables focus attention on and give voice to the concerns that form the Roundtable’s particular areas of interest. Roundtables function as communities of interest engaged in generating ideas and meeting the intellectual interests of the membership in areas of topical interest. They focus expertise and interest in the professional functions and responsibilities to carry out the archival profession’s mission to identify, administer, and promote the use of records of enduring value.

\[B. \text{Encourage and Provide Communication}\]
Roundtables provide a forum for members to discuss matters of interest within the body. They also provide channels of communication from the Roundtable to the membership of the Society and to the Council on matters of concern to the Roundtable. As Roundtables may exist as online communities, communication may take place in the form of Roundtable electronic discussion groups.

Notes in black are Nancy Beaumont’s from the document prepared for initial discussion at the January 2012 Council meeting.

Notes in green were made by Beth Kaplan or Bill Landis during their close review of this document for the June 2012 Council meeting.
Although it is expected that the core of a Roundtable is composed of Individual members of SAA, anyone may **participate in** a Roundtable **by joining in its electronic communications list and engaging in discussions of and work on issues of interest to its membership.** Because of this, Roundtables play a unique and significant role in recruiting new members to the Society. **As part of their annual report, Roundtables who are provided in-person meeting space at the annual meeting are required to include records of attendance as part of that report. Failure to do so could jeopardize future requests for in-person meeting space. Other Roundtables are encouraged to provide annual data on participation as an indicator of overall effectiveness in meeting the needs of Roundtable members.**

### C. Perform Work
Roundtables provide mechanisms for members to initiate activities of common interest and also review material referred to them by the Council for comment or action. Roundtables can formulate specific projects, for which task forces would be created to execute the projects. Roundtables give and institutionalize opportunity for members to focus, on a longer term basis and in a national forum, on specific matters of practical interest.

### D. Integrate New Members
Roundtables provide a vital mechanism for new and prospective SAA members to become active in the work of the Society and for meeting members with common interests. Roundtables provide new members a chance to participate and to contribute to the work of the group and the Society.

Although it is expected that the core of a Roundtable is composed of Individual members of SAA, anyone may belong to a Roundtable. Because of this, Roundtables play a unique and significant role in recruiting new members to the Society. **Roundtables are therefore required to compile records of attendance at the Annual Meeting on forms provided by the SAA Executive Office; these will be used by the SAA Executive Office for outreach purposes and to monitor the overall effectiveness of Roundtables in attracting new members to the Society.**

### E. Develop Leadership
The Roundtables offer opportunities to their members to take leadership in working with and for their colleagues. Through the years, a considerable number of the elected and appointed positions within SAA have been filled by persons who began

| 2012-05-06 | Change proposed by BL responding to NPB's note below. If we don't guarantee RTs meeting space, can we require rosters of meeting participants?

This should be clarified to be consistent with Section IV. below. Nonmembers may participate in a Roundtable as a list participant. These individuals do not actually “belong” to the roundtable.

We have not required rosters of Annual Meeting attendees, although some groups do provide them.
the Annual Meeting on forms provided by the SAA Executive Office; these will be used by the SAA Executive Office for outreach purposes and to monitor the overall effectiveness of Roundtables in attracting new members to the Society.

| A. Each Roundtable shall adopt and maintain a statement of goals and objectives indicating the general concerns and intended areas of work of the Roundtable. |
| B. Roundtables are charged to be active in four areas. |

II. GOALS AND AREAS OF ACTIVITY

Roundtables are charged to be active in four areas.

- They identify and consider issues in which a significant number of members have an interest. Members may investigate different facets of the issues, then report and discuss their findings during Roundtable meetings and through Roundtable mailings or electronic communications.

- They recommend to the Council, through memoranda or formal papers, an action or a position the Roundtable believes appropriate for SAA. The Council remains the policy-setting body for SAA, and only it can promulgate a formal position for SAA or any of its constituent bodies.

- They suggest program sessions for the SAA

Language inserted to mention goals in order to keep this parallel with part II in IX Sections.

The various ways we tell component groups to communicate with Council (i.e., memoranda, formal papers) are confusing. We should refer to the Council Report Template and use the language it uses (i.e., report, action item, discussion item) if that’s how we want communications submitted to Council. We also should make sure we use that terminology.
### Annual Meeting and, with the advice of the Executive Director, request space for and, if allocated, plan Roundtable meetings for the SAA Annual Meeting. Representatives of the Program Committee will visit Roundtable meetings to present their early plans for the next meeting; to explain the program-building process, the pre-conference workshop possibilities, and the Roundtable endorsement process; and to advise Roundtables on how to submit well-crafted program proposals in collaboration with other SAA units.

- They communicate Roundtable activity within the Roundtable and to the Society at large.

---

### III. RECOGNITION AND STANDING

A. The Council may establish Roundtables upon submission of a group’s application. The Council will consider the merits of each request in light of existing SAA groups and the specific statement of intent and goals of the applicant group.

B. New applications for recognition shall be submitted no later than **January 1** for Council action before the next Annual Meeting.

C. Application shall be made by petition to include signatures of at least 50 SAA members, a publishable statement of purpose and goals of the Roundtable, and a statement indicating why a separate Roundtable would be advantageous to the Society.

D. Roundtables that do not maintain an official membership level of at least **25 SAA members** and meet annual reporting requirements may be dissolved as adopted **0209**, 2012-05-06.

---

**2012-05-06**

It seems best to work through the Council liaison and Program Committee structures for this, especially now that we have a process for RT requests for Annual Meeting space documented elsewhere.

The long last sentence seems unnecessary, as we are no longer automatically sending Program Committee members around to Section/RT meetings.

| IV. MEMBERSHIP AND MEETINGS | **A. Membership**

1. SAA members may join an unlimited number of Roundtables. The SAA office will maintain and report on the official list of Roundtable members as an aid in allocating resources and tracking member services. Participation in electronic discussion lists is open to nonmembers of the Society.

2. Nonmembers of SAA may participate in a Roundtable by joining in its electronic communications list and engaging in discussions of and work on issues of interest to its membership.

**B. Meetings**

The Society invites Roundtable leaders to work collaboratively and creatively with the Council and staff to allocate limited meeting space by suggesting alternative ways of gathering within and outside of the conference hotel. All Roundtables will be guaranteed either shared or dedicated meeting space at the Annual Meeting. | adopted 0509, Motion 10 | 2012-05-06 | Can nonmembers of SAA also participate in the work of the RT? It seems logical for SAA to be as unrestricted as possible for RT participation beyond a "core" of 25 official members. The organization benefits from this stance in the long run. |
Meeting
1. Roundtables are encouraged to work creatively and collaboratively with each other and with other SAA component groups to plan and conduct programs at the Annual Meeting. The Society makes every effort to provide appropriate meeting space for Roundtables in the conference hotel, but Roundtables may be required to meet certain conditions in order to secure dedicated rooms and other resources, especially equipment, that may be available during the Annual Meeting.

2. A. *Conveners* Roundtable leaders will receive an annual notice from the SAA office on the availability of meeting rooms for Roundtables, with deadlines for responding. Roundtables that request a meeting room may be allocated shared meeting space at the Annual Meeting. The following criteria, among others, may be used to determine the allocation of shared space:

- The SAA office receives a request for space by the deadline established by the Executive Director.
- All reporting requirements for the previous year have been met.

*Note: Section 3B below is superseded for the 2012 Annual Meeting by the following: In response to a growing demand for audiovisual support at roundtable meetings, the SAA Council has created a formal request process for the 2012 Annual Meeting. SAA roundtables that want AV support must submit a formal request to be reviewed by the Finance Committee, which will then 2012-05-06*
recommend appropriate funding for inclusion in the 2013 budget process. Per the SAA Governance Manual (Section X: Roundtables, VII. B.), audiovisual funding for Roundtables is not guaranteed; funded amounts may vary by year. View details and the form here.

3. B. Roundtable requests for a dedicated meeting room and/or equipment at an SAA Annual Meeting will be evaluated and determined by the Executive Director, in consultation with the SAA president as appropriate, from among the following criteria:

- The convener submits a timely request before deadlines published by the SAA office,
- The Roundtable has organized a special presentation or program that advances the Society’s strategic priorities,
- The Roundtable is engaged in a collaborative exercise with another Roundtable or Section,
- The historical and expected attendance are large enough to warrant dedicated space in order to accommodate members, and/or
- All annual reporting requirements for the previous year have been met, including the convener’s acknowledgment of leadership responsibilities.

4. C. New Roundtables are eligible for a dedicated meeting room at the SAA Annual Meeting for their first organizational meeting after approval by the Council.

5. D. Roundtables that are allocated dedicated
meeting space at one Annual Meeting will not receive priority over other Roundtables requesting dedicated space at the next Annual Meeting.

6. E. Roundtables that do not meet at one Annual Meeting but that wish to reserve space at a subsequent meeting may request allocation of space without penalty.

F. SAA staff will report annually to the Council on Roundtable meeting attendance, the allocation of space and other resources at the SAA Annual Meeting, the official membership numbers of the Roundtables, electronic list subscribers and activity, compliance with annual reporting requirements, and other activity that will assist the Council in regularly assessing the status of Roundtables.

<td>A. Roundtables will adopt and report to the Council a governance structure that is consistent with their need. This seems more like a To Do for Council. It really doesn't inform others about RT requirements in any significant way, is potentially confusing, and should be deleted.

Changes in section A. adopted 0809-1, Motion 10. 2012-05-06

The language in V.A. makes a leap that should be made more explicit.
### B. The leaders of the Roundtable leaders are expected to notify the SAA Executive Office promptly of newly appointed or elected leaders within 14 days of the close of the Annual Meeting so that the official SAA leadership list ("saaleaderlist") can be updated and mailings can be circulated properly.

### C. Elected Roundtable leaders will take office at the close of the SAA Annual Meeting.

### D. It was never the desire in creating Roundtables to establish bodies that spend more time on the structure of doing business than on the discussion of archival issues within their fields of activity. Roundtables may operate as formally or informally as suits their needs; they are not required to draw up bylaws. At minimum, however, they must use the Basic SAA Roundtable Bylaws template to adopt bylaws within a year of their first official meeting. In order to insure their alignment with SAA's governance documents, Bylaws and subsequent changes must be reviewed by the Executive Director or a designee and approved by Council after they are adopted by the Roundtable membership. This also insures that they become part of the permanent record as a component of Council meeting minutes.

---

### A. Leadership Report: The chair of each Roundtable will convey to the Executive Director or designee an electronic list of the names of Roundtable leaders within 14 days of the close of the Annual Meeting. The chair will include in that list all individuals who should be subscribed.

B. A. Roundtable conveners are required to report the name(s) of their conveners(s) for the coming year to the SAA office within 14 days of the close of the Annual Meeting. Conveners are required to complete and file with the Executive Director an annual report within 90 days of the close of the Annual Meeting, regardless of whether the Roundtable convenes in conjunction with the Annual Meeting. (Download the report form.) The Council Report Template document must be used for annual reports.

B. Failure to complete and file an annual report within six months of an Annual Meeting places the Roundtable in a probationary status and may result in a loss of Roundtable privileges. Failure to file an annual report within one year of the close of the Annual Meeting will result in a notice from the president of the Roundtable’s dissolution. Roundtables receiving such notice may file an appeal with the Council.

C. Roundtable annual reports, including the update of purpose and activity statements, will be published on the Roundtable’s website.

D. Roundtable conveners will be asked to acknowledge annually that they understand and will comply with the responsibilities of their position. The president or designee will contact Roundtable conveners annually by e-mail to request a response that they have read pertinent sections of the Council Handbook.

| 2012-05-06 | Edited for clarity. Terminological inconsistency, and the first sentence of VI.A. duplicates V.B. and is unnecessary here. Also, we should avoid too many imbedded links. Better to just name the form we want RT reporters to use. |

C. Any mailings or electronic communications from Roundtable leaders to their members should also be distributed to the Council and the SAA Executive Office.

The Council has preferred to assign Council liaisons the responsibility of shepherding roundtable requests. Time to bring this in line with the reality reflected in NPB’s comment and also correct terminological inconsistency.

Revised section X. adopted 0210, Motion 7. 2012-05-06

Seems unnecessary since Council liaison (and SAA staff member as well?) are subscribed to each RT discussion list.
C. Announcements ... D. Announcements of employment opportunities shall appear only in SAA’s *Online Career Center*, not in any Roundtable publication or electronic communication. In this way the Society is able to fulfill its legal and fiscal responsibilities to 1) review and, if necessary, edit or refuse announcements that include discriminatory statements inconsistent with principles of intellectual freedom or the provisions of the Civil Rights Act of 1964 and its subsequent amendments; and 2) provide the services contracted for by the institutions and organizations that place ads and announcements in SAA publications.
