Hybrid Meeting – Washington, DC**

**Staff Report: Membership
(Prepared by Carlos Salgado)**

As of June 30, SAA membership totaled 5,475, a decrease of 161 (-2.86%) from last year. Total individual memberships decreased by 154 (-3.03%), with 56 (-5.26%) of those from the student member tier. Of particular note is the growth of IDs 6, 7, and 8, increasing by 148. See the table below for details by membership category, June 2022 to June 2023.

Looking at numbers a little differently, there was a minor decrease in total membership between May and June 2023. There were 100 new members, 4 of which were regular institutional, 1 sustaining institutional, and 38 student members. We saw a return of 92 reinstated members, of which two are sustaining institutional and 83 individual members with IDs 6-8, with the largest return of 8, 5, and 7, respectively. The Society designates the “resisted member” status once a membership expires (i.e., when the grace period ends.)

Institutional memberships in the month of June totaled 437 regular and 110 sustaining. Our all-time high of sustaining institutional members is 112 in March 2023! Continued, pro-active staff monitoring of lapsed institutional memberships has a continued desired result.
