### June 2022 Year-to-Date Financial Statements (Preliminary Close—FY 2022)

(Prepared by Sharmila Bhatia and Peter Carlson)

#### Overview

For the month ending June 30, 2022, SAA posted a net gain of \$157,343. This is a *favorable* variance of \$202,474 (448.64%) as the budgeted *loss* for June was \$45,131. While SAA's performance is well ahead of budget, delays in consulting services expenses for the web site rebuild, administrative systems improvements, and DEIA projects understate our budgeted expenses. So, despite Annual Meeting registrations lagging projections by more than 400, and the extension of Beaumont's appointment for a month and a half, our net gain is well ahead of our budgeted projections.

Total revenues as of June 30 were better than last year and budget by \$43,734 (1.96%), and by \$80,599 (3.66%), respectively. Total expenses were higher than last year by \$94,242 (4.64%), and lower than budget by \$121,875 (5.43%). The variance with budget reflects the delay in starting the discovery work on the website rebuild, lagging expenses for temporary staffing, and budget timing of consulting expenses in General and Administrative, Advocacy, and Governance.

#### **Balance Sheet**

As of June 30, 2022, Cash and Investments balances were higher than last year by \$165,136 (10.2%) and total deferred revenues were *higher* than last year by \$138,412 (17.43%). Our Cash and Investments balance continue to be strong and exceed our prior period balance for FY 2021. Membership and Annual Meeting deferred revenues are higher than at the same time last year, while deferred revenues for Education are down slightly. While deferred revenues are 17.43% higher than last year, this would be expected given that we are doing a live Annual Meeting in Boston.

#### **Income Statement**

For the month ending June 30, 2022, SAA posted a net gain of \$157,343. This net gain is smaller than last year by \$50,508 (24.3%) and better than budget by \$202,474 (448.64%). Total revenues as of June 30, were higher than last year and budget by \$43,734 (1.96%) and by \$80,599 (3.66%). Total expenses were higher than last year by \$94,242 (4.64%) and lower than budget by

\$121,875 (5.43%). The variance with budget is due to timing of consultant's expenses in several cost centers.

Specific points of interest are as follows:

- **Membership:** From May 31, 2022 through June 30, 2022, overall membership (including 27 Complimentary memberships) *increased* by 66 (1.19%). Total membership as of June 30 was 5.637, and Dues revenue was lower than last year by \$670 or (0.07%), and *better than budget* by \$21,905 (2.27%). Membership's net gain as of June was \$22,524 (2.71%) lower than last year and better than budget by \$28,901 (3.7%). Membership deferred revenues in June were \$21,866 (4.0%) higher than this time last year.
- Annual Meeting: As of June 30, the 2021 Annual Meeting showed a net gain of \$127,317, significantly short of the budgeted estimate of \$202,312 (37.07%). While we budgeted for 2500 attendees, we have realized about 2000 registrations thus far. Revenues for the conference fell short of budget estimates by \$65,4331 (14.69%), and expenses were \$9,562 (3.93%) greater than budget.
- **Publications:** Publications posted a net loss of \$97,623 as of June 30, greater than last year by \$9,161 (10.36%) and better than budget by \$22,094 (18.46%). Total revenue as of June 30 was lower than last year and budget by \$39,151 (18.1%), and \$20,157 (10.22%), respectively. Expenses as of June 30 were lower than last year and budget by \$29,991 (9.84%) and \$42,251 (18.46%), respectively. The revenue variance with last year was expected due to the volume of new titles released in FY '21. Although sales are lagging expectations, staff continues to effectively manage expenses in this program.
- Education: Education posted a net gain of \$241,310 for the period ending June 30. This is better than last year and budget by \$128,882 (114.64%) and \$144,359 (148.9%), respectively. Total revenues exceeded budget estimates by \$107,842 (28.24%) and expenses were under budget by \$36,518 (12.81%). As anticipated, as the course schedule got busier, Education continues to show consistent strength. The variance with last year is the result of COVID-19 contraction last fall and winter. Clearly, our pivot to virtual continuing education programming continues to be popular.
- Career Services: As of June 30, Career Services posted a net gain of \$60,886, which is better than last year and budget by \$26,325 (78.83%) and \$34,561 (131.29%), respectively. Revenues of \$102,450 are higher than last year and budget by \$50,081 (88.65%) and by \$52,370 (104.57%). Our Career Center budget estimates for FY22 assumed a slight decrease in overall performance as a hedge against our requirement for employers to include salaries in job postings. It is clear that the employment outlook for the types of organizations that post on the SAA Career Center job board is strong, and that the requirement of salary transparency has had no apparent impact on overall performance.
- General and Administrative: The net loss in G&A for the period ending June 30 was \$641,333, which is a bigger net loss than last year and budget by \$116,797 (22.27%) and \$27,161 (4.42%), respectively. The variance with last year reflects increased staff effort distribution to this program. The variance with budget should be larger, but delays in

consulting expenses have resulted in lower expense totals than anticipated in the budget. It remains true that the additional salary associated with extending Beaumont's contract, recruitment of new staff to fill vacancies, and retention bonuses for staff will result in this program missing its budget targets by the end of FY '22.

• Governance: The net loss for Governance for the period ending June 30 was \$152,137. This is greater than last year's net loss by \$29,396 (23.95%) and smaller than the budgeted net loss of \$205,541 by \$53,403 (25.98%). The variance with budget is the result of a timing difference between budget and actual expenses – we had budgeted for the DEIA consultant to begin work in October. Accounting for this difference, this program is predictably under budget.
