**Annual Report: National Disaster Recovery Fund for Archives
(NDRFA) Review Committee**

Current Committee

The National Disaster Recovery Fund for Archives has had a quiet year. Current members are Sharmila Bhatia, Dick Cameron, Rebecca Elder, Dyani Feige, Daniel McCormack, Jackie Price Osafo, Julie Yamashita. Miriam Meislik currently serves as chair.

Applications Received

01/2022: Studio 143	Amount Requested: \$4,650	Status: Denied
----------------------------	--	-----------------------

Studio 143 requested funds to purchase a new electrical panel to replace the one damaged in an F4 tornado that struck Mayfield, Kentucky. They also sustained roof and floor damage. While the group sympathized with the situation, the requestor met none of our grant qualifications as their primary business is beauty care.

03/2022: Amy FixIt	Amount Requested: \$5,000	Status: Denied
---------------------------	--	-----------------------

AmyFixIt requested funds for marketing, office supplies, and working capital citing Covid as their disaster. The applicant was a general contractor and did not qualify for funding.

The group kept a close eye on the horrendous Kentucky flooding situation which occurred Jul 2022. While we expected applications, none arrived. Felicia Owens sent a communications blast to remind the archival community that we are here to help. Rebecca Elder reported that the National Heritage Responders had been contacted and were providing guidance.

Pending Grants

No pending grants as of this report.

Recipient Reports

No NDRFA funds have been spent in fiscal year 2022.
