Chapter Activities:

During the 2013-2014 school year, the University of Denver SAA student chapter maintained a constant level of student involvement and interest. We were able to offer a range of activities for our students for professional development opportunities and additional archival experience.

SAA Events:

The 2013 Fall quarter started with a mixer at a local restaurant. It was a time for new and repeat students to meet and discuss what they wanted out of the Archives section of our MLIS program.

The Winter quarter event was a behind the scenes tour of the Aurora History Museum.

The 2014 Spring quarter event was a tour of the Coors Brewery business archives, and parts of the Coors family archives, followed by a VIP tour and beer tasting. This was our most popular event of the year.

These events and tour brought our students in contact with many of the archival professionals in our community and the surrounding area, showcased opportunities in the field and established a network amongst students, professionals and DU faculty.
