

## December RMS Steering Committee Meeting December 12, 2019

Here are some updates on our work:

- Hillary Gatlin has made many improvements to our microsite to make it more easy to navigate. [Check it out](#). I'm also adding meeting synopses to the Minutes page. Let us know if there is additional information you wish could be found on this site.
- We continue investigating the intersections between archives and RM with the series of mini lit reviews that are [on our blog](#). And we're still accepting testimonials, so [contact me](#) if you're interested in participating.
- We're continuing our plans for a conversation for records managers and other interested parties (via conference call) about GDPR compliance. Stay tuned to [our blog](#) for more information.
- We've compiled information about existing SAA certificate programs as well as RM training programs offered by other entities. We're following up with SAA's Education Committee to define next steps in our effort to create an RIM certificate program for SAA.
