Archivists and Archives of Color Section Membership Directory, 2023

Areas of Expertise/Interest	87
Professional Memberships	95

Introduction

This is the seventh edition of the Archivists and Archives of Color Section Membership Directory. It is our hope that this directory can facilitate networking, mentorship, recruitment, and collaboration. In addition to organizing members alphabetically, this directory includes six indexes, allowing you to find members by geographic location, race/ethnicity, languages, areas of expertise/interest, professional memberships, and by whether members are certified archivists.

This directory is an effort of AAC to identify archivists, librarians, and other information specialists with similar interests—all those supportive of our mission are welcome.

Information in this directory was provided by the person listed. If you would like to be included, or have any corrections, please contact the AAC officers at aacr.roundtable@gmail.com.

About the Archivists and Archives of Color Section

The Archivists and Archives of Color Section was established in 1987 as an interest group within the Society of American Archivists. The Section's purposes are to:

- Identify and address the concerns of archivists of African, Asian, Latino, Native American, and Pacific Islander descent;
- Promote wider participation of said archivists in the archival profession; and
- Promote the preservation of archival materials that pertain to people of color.

Additional Comments

Dominique is one part archivist -one part researcher – full parts natural-haired bourbon connoisseur, with a dash of genealogy for taste. After working at universities, libraries, and museums across the country, she came to understand that history is not merely a listing of events in chronological order. But rather, a meticulously curated phenomenon of power. All too often, the stories of marginalized communities are suppressed, oppressed, erased, or forgotten. Dominique’s research seeks to help individuals and organizations uplift, honor, and tell stories that represent the lived experiences of diverse voices and the Black diaspora.
