

ATART Steering Committee meeting

December 3, 2013

Attended: Jillian Cuellar, Gordon Daines, Sasha Griffin, Scott Schwartz, Nathan Tallman, Brad Westbrook

- Google ATART Survey
 - Steering Committee discussed the results and the impact those have on the roundtable's future
 - Discussion also included talk about when and how to publish these results.
 - Steering Committee and officers to write an executive summary of the results along with the committee's recommendations moving forward.
- Future ideas/projects
 - Discussion of adding a component to the roundtable that would encourage members to conduct surveys, investigation, and research that would help archivists compare different software tools
 - Discussion of drafting a new mission for roundtable: timeline, focus, etc.
 - Jillian and Michelle working on a project to collect user documentation/manuals, etc. for AT and Archon for the microsite
 - SAA 2014 Annual Meeting program - pushing discussion of this until after we've distributed and published survey results.
