Hi everyone,

Here's a tentative agenda for the meeting with some tentative time allocations. I am assuming a call for 60 minutes, but the phone line will be available for 90 minutes in case we run over a bit.

1. (20 minutes) Bill. Update on SCCR30. What support is needed? What is the strategy?
2. (15 minutes) Aprille and Peter. Notice of Inquiry on copyright protection for some visual works.
3. (10 minutes) Aprille. Request from Frank Boles re: Public Policy Agenda statement on the term of copyright.
4. (15 minutes) Miscellaneous
 1. Archivists and the Issues Blog -- anonymous case studies on archives. How could we use this?
 2. ARL Coalition to promote balanced copyright (can/should we sign on?)
 3. DLPA/Europeana Rights statement
 4. Bancroft FOIA update (Peter? Is there one?)
 5. London Manifesto
 6. Finding Aids project (Heather)

Please let me know if I've left something off the list that we should discuss.

Talk to you tomorrow,
Aprille
