Updates from Teams

1. Facts and Figures
 1. <https://emory.app.box.com/file/674525859884> we have populated a later page in the design document that we can look at, with early examples of content to link out to (data repository, assessment, tools and resources)
2. ACensus and Dataverse - Erin Stoddart & Paul Conway
 1. Accomplishments
 1. ACensus is ready to be published in dataverse
- Work Next Year
 1. MOU with ODUM
 2. schedule meeting with ODUM to discuss
 3. data policies
 2. *issues with ACensus Data and Missing Tables; ACensus2 needs to be better formed)
 3. get on a call with Vicky Walch and Jerod Lyle, suggestion from Nancy B.
 4. most people at ICPSR who were involved changed - that sounds like the public version and the other might be there somewhere? situation changed
 5. Possibility of putting guidelines together for data for repository (class A and class B for archivists who cannot adhere to A; maybe get a small grant to support dataverse, pay someone whose job it is to support/manage dataverse; like a graduate student)
3. Assessment Committee Survey
