Agenda March 12, 2021

Join Zoom Meeting
https://uoregon.zoom.us/j/2331821947?pwd=UkMrcmx0dlFMV3lhQ0hmMWNJMUVrdz09

Meeting ID: 233 182 1947
Passcode: CORDA

Present: Gwen Higgins, Ricky Punzalan, Nance McGovern, Sarah Buchanan, Dennis Meissner, Mary Biddle, Paul Conway, Sarah Pratt, Chris Marino, Carli Lowe, Cristina Horak

Absent: Emily Lapworth

Agenda:

1. Updates from liaisons
    1. Ricky and Nancy B (Council)
        Council meeting next week
    2. Carli (Education)
2. Co-chairs update
    1. Collecting Policy sent to Council - thanks to Nancy B for help writing the cover letter.
    2. Met with American Archivist reps
        Jennifer and Erin met with Amy Cooper Cary (editor) and Teresa Brinati (SAA) to discuss collaboration with Dataverse/CORDA. They will be working with the Editorial Board to talk through questions, workflows, etc.
    3. Scheduling meeting with Eira and Ben -- coming soon.
    4. Joining forces (Assessment & Evaluation with Data Repository) - workplan to move tasks forward through timeline prioritization
        Roadmap:
        https://app.box.com/file/774053087553?s=8yo2mtuvbce9r5ms82rawg9dfq23nfoa
        1. Opportunity to move this into a collaborative process (like sticky note activity)
        2. Supporting the Dataverse.
        3. Members to do: can provide comments/feedback to the Roadmap to Sarah B by end of the month.
        4. This a great iteration! There are probably some Research Forum resources to add as part of SAA's continuing research and innovation commitment ...I shared my preliminary comment can we comment in the document?
3. Education and Outreach: planning for workshop at Annual Meeting
    1. Workshop brainstorming for summer and beyond.
    2. Research Methodology as one track -- is there a resource already for social science research? Don't reinvent the wheel. Institute for Research Design in Librarianship

(old url https://irdlonline.org/) https://library.lmu.edu/irdl/ 2 week crash course in methods

3. Look at ACRL Project Outcome https://acrl.projectoutcome.org/. Given recent releases of past webinars by allied groups (ALISE, OCLC Research etc.), "scrape" existing websites to provide our audience with free & accessible starting points. Embrace the whole spectrum (Ricky) rather than silos.

4. Looked back to focus group conversation from last year, and feedback on the first workshop: Maybe think less about topic and more about audience

5. Section leadership,
   > archivists pursuing research as a passion
   > practitioners (Nance: people categories can be inaccurate, different research roles and uses across settings)
   > 4-5 workshops throughout the year
   > Research Forum taught a Basic Research years ago (Gwen: revisit and revive that offering).
   > Ricky is teaching Assessment in Cultural Institutions. Pre-req is active research methods. Here is the syllabus
   > We could also pull together a Section panel to talk about applied research, and application of research methodologies and principles.
   > Carli can interface with Education Committee and will probably come back to CORDA to learn more about user needs

6. A La Carte Selection for Training:
   > Workshop 1: Developing data collection tools
   > Workshop 2: Designing instruments (survey design)
   > Workshop 3: Data cleanup (you have the data, now what?)
   > Workshop 4: Data analysis (with Excel) (reimagine Jeremy's 2020 workshop)
   > Workshop 5: Writing about findings/data

1. Facts and Figures update
   1. Matt Black has developed the code for F/F structure!
   2. Downloading HTML editors to be able to build this out
2. Working definitions update - meeting today, so will supply an update at next meeting.
3. Other Annual Meeting
4. Next CORDA meeting: April 23 (longer time to keep on working)
