Other:

- Provided six EAC-CPF workshops via live telecast in Boston, Jefferson City, MO; Denton, TX; San Mateo, CA; and Richmond, KY. We are still collecting information to see if this is a viable format for providing education.
- Preliminary talks with a representative of [National and State Libraries Australasia](#) (NSLA) about the DAS Program. NSLA represents the national libraries of Australia and New Zealand and the State and Territory libraries of Australia. NSLA libraries work collaboratively to strengthen the information infrastructure in Australia and New Zealand. (Still pending.)
- Education Research Group (Shelby Sanett, Ciaran Trace, Beth Yakel, Matt Black, Peter Carlson, and Solveig De Sutter) met several times via conference call to discuss infrastructure and resource requirements to maintain and grow the Education Program.
- Approached Lyrasis to determine what online courses developed and offered by Lyrasis might be appropriate for inclusion in SAA's education program. Lyrasis agreed to allow free audits of the courses deemed appropriate by CoE and DAS Subcommittee members. At this time we've identified five options that would benefit each organization in a collaboration. There is also the possibility of using the Lyrasis infrastructure to offer SAA-developed online courses.
- Participated, where appropriate, in CALM calls.
 - CoSA Collaborations: CoSA contracted for up to 112 DAS webinar registrations (two webinars per state/territory), not to exceed \$19,600, and agreed to offer the new DAS course "Providing Access to Digital Archives" as a pre-conference at its meeting at a flat rate.
