Q5 What aspect of the workshop methods/materials would you change? Why?

1	More in-depth case studies. Opportunity to engage on specific cases. Handouts with actual talking points not just aids to memory for the speaker. Solicit cases from participants ahead of time! Allow for feedback from participants re possible solutions.	11/10/2016 2:22 PM
2	I need to think about this before responding. Mentioning other COEs that archivists might use. I thought this was 90 minute workshop.	11/10/2016 2:19 PM
3	Salt the questions queue with some soft balls to get the action rolling. Post the Exercise slides in a legible manner while the countdown clock is running (so we can refer back to the exercise instructions). This is particularly important when you introduce the exercise.	11/10/2016 2:18 PM
4	I felt that it was too basic. It felt like a review of the SAA code of ethics without much added interpretation and fairly shallow examples. I would really like a deeper dig into the issues.	11/10/2016 2:18 PM
5	More specific examples and discussion of them	11/10/2016 2:17 PM
6	audio was poor, cut out on me several times, I missed about 30-35 minutes -- I tested it the day before with out problem.	11/10/2016 2:17 PM
7	more real life examples	11/10/2016 2:16 PM
