| May 31   | Bookstore Sale and Prize Drawing Close |
| June 1   | Winners Announced                      |

Every year, cultural institutions around the world set aside time to participate in MayDay, a global effort to encourage disaster preparedness.

Taking one simple step to protect the art, artifacts, records, and historic sites you hold in trust can make a significant difference. Last year, cultural institutions updated disaster plans, held fire extinguisher training, and met with local emergency responders to ensure the future safety of their collections.

For tips to make your MayDay effort a success, visit: [www.heritageemergency.org](http://www.heritageemergency.org)

Share your MayDay story! The Foundation of the American Institute for Conservation is collecting brief descriptions of MayDay activities to share with our online community. When you submit your story, you will be automatically entered in a prize drawing for disaster supplies donated by Gaylord Brothers.
