

National History Day Committee Annual Report, 2013

Over the past year, the National History Day Committee has been working on updating the information found on our Toolkit, completing the migration of our Toolkit links to a microsite under the RAO website and generally promoting the Toolkit and National History Day.

During the next year, we are going to work to create an annual promotional schedule for NHD and our Toolkit as well as deepening our relationships with the various state and regional NHD coordinators. This is in addition to continuing to update the Toolkit to insure that the information represented on it is as up to date as possible.
