

Cooperative Preservation of Architectural Records (2009)

COPAR was established in 1973 to encourage the preservation of records threatened with loss or destruction, and to serve as a national and international clearinghouse of information on the location, preservation, and cataloging of these documents. To achieve these goals COPAR offers guidelines for the formation of local and state groups otherwise known as Committees.

COPAR National Effort

Library of Congress Center for Architecture, Design and Engineering
C. Ford Peatross, Prints and Photographs Division
Library of Congress
Washington, DC 20540-4730
202-707-8695; FAX 202-707-1486/6647
cpea@loc.gov
